

Die Welt von Morgen beginnt heute mit Dir.

Graduate Technical Program (Thinning Unit Process Engineering)

Job description

In your new role you will:

- Perform process engineering and production support in one selected assigned area of semiconductor process.
- Work as a team between Manufacturing / Maintenances / UPE / LBS / Technology / Quality to resolve production and quality issues and reduce production line disruptions.
- Support tools installations as well as process & technology transfers to meet company targets, following standard process & tool release business flow.
- Perform FMEA, risk assessment of process changes, with proper process change management
- Ensure the robustness of processes with Advance Process Control (APC), Statistical Process Control (SPC) and other process control tools.
- Manage recipe and procedural control. Develop and maintain process operation specifications as well as Out of Control Action Plan (OCAP)
- Initiate, coordinate and support excursion prevention, cost reduction and quality improvement projects.

Profile

You are best equipped for this task if you have:

- Degree in Chemistry, Electrical & Electronic Engineering, Material Science.
- Mechanical Engineering, Microelectronics, Physics, Process Engineering.
- Good command of English language.
- Minimum CGPA 3.00 or equivalent.
- The trainee shall be committed for 12 months services.
- Applicants must be willing to work in Kulim Hi-Tech Park.
- No work experience required.
- Contract position(s) available

Why Us

Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

We are on a journey to create the best Infineon for everyone.

This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant´s experience and skills.

Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
