- Contractor ("Supplier") shall either reject or confirm in writing a purchase order ("Acknowledgement of Order") of Infineon Technologies Americas Corp. If Purchaser receives from Supplier neither a confirmation nor a rejection within the time period set forth above, the purchase order shall be deemed to be confirmed by Supplier. Purchaser shall be entitled to cancel the purchase order within 5 (five) working days upon receipt of the purchase order by Supplier if Supplier fails to confirm or reject the purchase order within said time period.
- If the Acknowledgement of Order differs from the purchase order, it shall be binding on Purchaser only if and to the extent he has accepted such Acknowledgement of Order in writing. Any general conditions of Supplier shall be binding on Purchaser only insofar as they are consistent with Purchaser's conditions or have been accepted by Purchaser in writing. The acceptance of supplies or services of any nature ("Deliverables") or the making of payments shall not imply acceptance of any conditions.

II. Licences

- Insofar as Deliverables consist of and/or comprise software, documentation and/or specifications, Supplier grants to Purchaser and affiliated companies of Purchaser a non-exclusive, transferable, worldwide and timely unlimited right

- All sublicenses granted pursuant to II. 1. e) shall provide appropriate protection for Supplier's intellectual property rights to such Deliverables by using equivalent provisions for the sublicense as Purchaser uses to protect its own intellectual property.

III. Time of Performance; Late Performance

- Time is of the essence in the performance of any deliveries and deliveries shall be made both in the quantities and at times specified in Purchaser's schedules. For the purpose of determining the timeliness of supplies or of Supplementary Performance pursuant to VIII para. 2, the relevant point in time shall be the date of receipt at the point of destination specified by Purchaser. For the purpose of determining the timeliness of supplies which include installation or erection and for the performance of services the relevant point in time shall be the date of acceptance by Purchaser.

Purchaser reserves the right without liability and in addition to its other rights and remedies, to terminate this purchase order by notice effective when received by Supplier, as to stated Deliverables not yet shipped or services not yet rendered, to purchase substitute Deliverables or services elsewhere and charge Supplier with any loss incurred.
- In addition, if Supplier fails to meet the agreed delivery or performance date for reasons for which Supplier is responsible, Purchaser shall be entitled, without prejudice to its statutory rights, to charge a contractual penalty amounting to 0.3 % (three tenths percent) of the total amount of the contract per each working day of said delay and not exceeding a maximum of 10 % (ten percent) of this amount. If no reservation is declared at the time of acceptance of the Deliverables or Supplementary Performance pursuant to VIII para. 2, Purchaser shall nevertheless be entitled to claim the contractual penalty until the final payment.

In case Incoterms 2010 are agreed that oblige Purchaser to bear the total or part of the freight costs, shipment shall be effected in the cheapest manner unless otherwise specified by Purchaser. Extra costs incurred due to failure to conform to a shipping specification shall be borne by Supplier. In case Incoterms 2010 are agreed that oblige Supplier to bear all freight costs, Purchaser shall be entitled to determine the mode of shipment. Such data shall be provided on every invoice. Supplier shall further provide a declaration of preferential treatment, if applicable to the Deliverables. Upon request of Purchaser, Supplier shall provide Purchaser with a long term shipper's declaration concerning the requested Deliverables. Supplier shall be liable for the correctness of all provided data. If through governmental anti-dumping measures penalty duties are imposed on Deliverables upon the import in the receiving country, Supplier shall not be entitled to deliver such Deliverables, unless Purchaser expressly agreed to such deliveries in writing in advance. In cases, where the shipping-address is different to the billing-address and the goods are subject to export authorization when being exported out of the relevant country, Supplier shall inform Purchaser upon delivery accordingly and provide all relevant shipping data, as in such case, Purchaser shall act as Exporter of Records (EOR) according to the applicable customs and export control laws. Supplier is advised that its performance of this purchase order may involve the use of or access to articles, technical data or software that is subject to export controls under 22 United States Code 2751 – 2796 (Arms Export Control Act) and 22 Code of Federal Regulations 120-130 (International Traffic in Arms Regulations) or 50 United States Code 2401 – 2420 (Export Administration Act) and 15 Code of Federal Regulations 768 – 799 (Export Administration Regulations) and their successor and supplemental laws and regulations. - Unless the Incoterm DDP is agreed, Purchaser is responsible for the performance of the import customs clearance. In such case, Purchaser will not refund Supplier or Supplier's service provider any customs duties or service fees when importing or exporting goods. In case the Incoterm DDP is agreed, Supplier is responsible for the export and the import customs clearance and shall bear all related costs. In case the Purchase Order refers to the delivery of goods and services, the customs invoice of Supplier shall show the value of goods separately from the value of the services performed or to be performed. In the customs invoice, the services and goods shall be described in detail, including the place of performance.
- In case Supplier cannot show the value of goods and services separately in the customs invoice, Supplier shall supply the goods according to the Incoterm DDP.

In case of any delivery or performance before the agreed delivery or performance date, the payment term shall start with the agreed delivery or performance date or from receipt of the duly issued invoice, whichever date is later. Discounts shall also be deductible if Purchaser offsets payments against receivables or withholds payments of a reasonable amount due to a defect in Deliverables; the payment term shall start with the complete removal of the defect.
- Payment of Deliverables shall not be construed as an implied admission that the Deliverables comply with contractual terms.
- Except for California Sales and Use Tax, if applicable, the price for the Deliverables covered by this purchase order includes all taxes, fees, excises or charges which are now or may hereafter be imposed (whether by Federal, State, Municipal or other public authority) with respect to the manufacture and sale of such Deliverables to be rendered by Supplier hereunder. - If defects are detected prior to or upon the transfer of risk or during the warranty period, Supplier shall, at Purchaser's sole option and discretion, either correct such defects at his own expense, or provide new Deliverables free of defects ("Supplementary Performance"). Purchaser's choice shall be made at reasonable discretion.
- If the Supplementary Performance fails within a reasonable period of time to be set by Purchaser, Purchaser shall be entitled to withdraw from all or part of the Contract without paying compensation or demand a reduction of price or, at Supplier's expense, perform himself or have performed repairs or replacements and claim damages instead of performance of the Contract.
- Purchaser shall be entitled to carry out repairs or have them carried out at Supplier's expense without setting a deadline if Supplier is in delay with the delivery of the Deliverables.
